## Adventure run

# CREEK TO CREST ORDEAL

Glen Benecke on the gruelling 11km Creek to Crest run.

The Rotary Club of Toowoomba South ran the second annual Creek to Crest Adventure Run on Sunday from Murphys Creek to Cabarlah.

The 11 kilometre course climbs 420 metres, and includes a pinch with a gradient of 35 per cent.

The Cabarlah Fun Run was conducted simultaneously, from Cabarlah to the top of the range and back, 5½ kilometres.

The surface for both events is mainly gravel, which, thanks to the efforts of the councils responsible, was in very good condition.

The Creek to Crest was again won by Glen Benecke,

Highfields, with a time of 48 minutes 54 seconds, seven seconds slower than last year.

Glen has been a regular winner of the King of the Range, Toowoomba, winning that event 10 times in a row, and holding the record. Denis Kalinowski, Toowoomba, came in second.

The winning lady was Rachel Brighton of Highfields.

The second lady to finish

was Jessica Ferriday of Toowoomba.

Division D was won by Roger Guard, for the second year. Division G was again won by Sally Nicholls, Hampton.

The fun run was won by Daniel Prosser of Gowrie Junction, with Ross Bool of Toowoomba second.

The ladies division was won, for the second time, by Lucy Miles, Harrisville.

## Praise for gunfire breakfast chefs

Behind the scenes at the Highfields Anzac Day gunfire breakfast were three fourth year apprentice chefs. Jodie Purnell, Mark Aboud and James Radke were in the kitchen at 3.45 a.m. preparing locally donated produce to ensure breakfast was freshly cooked and ready to serve at 6 a.m.

The exercise for them was to run their own kitchen, prepare a quality breakfast on time. Feedback from diners was complimentary but also of surprise when they were informed the breakfast had been prepared by apprentices. The RSL constitution promotes youth. Highfields sub branch are impressed with the apprentices for their maturity, dedication and flair.

Compliments are extended to Will Griffiths of the Apprenticeship Co. of Toowoomba for his assistance.

## Anzac Day reunion

Danny Matthews travelled from Bundaberg to attend Highfields Anzac Day services on a mission. Apparently he tried to get here last year but 30km out of Bundaberg his motor blew up. But this year he made it. His mission was to catch up with a young girl who had talked to him more than 20 years ago about her desire to join the Australian Army. All he could remember was that the girl's mother was Helen Fellowes. As he was talking to RSL secretary Al Taylor, his attention was drawn away as he said, "There she is." Danny introduced himself to the slightly confused lass who turned out to be Robyn Fellowes, right. During the reminiscing Robyn related that she had enlisted in the Army and after 22 years had achieved the rank of Lt. Col and had recently retired but was involved with the Reservists, Robyn introduced her sister Karen Fellowes, left, who also joined the Army and rose to Warrant Officer. Robyn lives locally and is in the process of setting up her own business as a personal trainer.

## Giant rats tail grass

Giant Rats Tail Grass is an introduced species from Africa which is a declared pest under Queensland legislation. This means landholders have a legal responsibility to manage and take steps to control the pest on their land.

GRT is a robust tufted perennial growing to 1.6m tall when in seed. The seed head is a pyramid shape, tapering from 60mm to a point. Native rats tail species have a much tighter seed head and can develop a sooty mould. Soil seed

banks are very large, up to 20,000 seeds per square metre. Seeds are long lived and may survive in soil up to 10 years.

Control: Prevention is better than cure. Be aware of seed being introduced on vehicles and in pasture seed

or hay. Livestock can spread the seed. Muster when grass is dry. Quarantine cattle from infected areas for five days. Fire kills seed at 125C. Manage pasture after fire to provide competition. Chip out occasional plants and destroy. Spot spray with glyphosate, Flupropate (Taskforce, Tussock.)

On cropping land, cultivate, plant fodder crop two years, repasture. Contact DERM or regional council pest management officers. - **Emu Creek Landare.**

## Disco outgrows cultural centre

The next Blue Light Disco will be held at Highfields Fitness and Recreation on Friday, June 25. The change of venue is due to the increased number of children attending. For the safety and welfare of all concerned, especially the children, a trial disco will be held at the sporting centre as

this is almost double the size of the cultural centre. There will again be split times - 6 to 8 p.m. for primary school children and 8.30 to 10.30 p.m. for highschool children. Recipients for this disco will be the Highfields Kindergarten and the Highfields Junior Athletics. - **Adrian Zorzi.**

# Biggest Crow's Nest Day procession in history

Crow's Nest Day 2009 saw the biggest procession the day has ever seen. President of the Crow's Nest and District Tourist and Progress Association Jeff Close, right, said there was great community support. Thanks to our local Lions for their work.

The entertainment, worm races and hay stacking and other events were conducted in the perfect location of Centenary Park. The fireworks were spectacular. We acknowledge our sponsorship partner Heritage Building Society Crow's Nest Community Branch.

For the 2009 Crow's Nest Festival we had great help from the Lutheran Community, the Lions Club, Crow's Nest State School and the Highfields Pioneer Park for such diverse events as concerts, worm racing, breakfast in the park (featuring the ABC Radio team), and the Poets Breakfast.

This year the festival is on from Friday, October 15, until Sunday, October 24.

Crow's Nest Day will be conducted on Saturday, October 23. The theme is Transport Through the Ages. The guest poet is Janine Haig, ex-Eulo.

The Local Book fills a great community need in that local businesses, clubs and organisations are invited to be part of it. The colour cover is eye-catching and we aim to get one into each household and business in the area, a difficult task. We appreciate the skills of Christine Steele who manages this aspect of our association. Our website,

www.crownest.info, is successful due to the untiring efforts of Graeme Rogers. It is widely used. For example, in January this year there were 1725 visitors to the site. For the annual show, the show society has the show schedule and nomination forms on the site, offering greater convenience as well as saving on printing costs.

The Association held the first Meet and Greet in February this year. Sixty clubs, businesses and organisations were represented. We hear reports of new members being signed up and business transacted. The next one will be Sunday, February 6, 2011. The hours will be 8 a.m. until noon to enhance the Lions Markets being held on that day. On the last day of school the Christmas in the Park was held with music, skits, carols, ham wheels, entertainment and of course Santa. The Christmas Lights Competition, with major sponsor Ergon Energy, was also held in the lead-up to Christmas.

### Modifieds Easter classic

The Easter Classic for Modified Production cars was held at Charlton Raceway.

Local Robert Trapp had a great run, winning all three heats and a very deserving win in the 30 lap feature.

Macdonald brothers Nathan and Shane were placed 8th and 9th in the feature.

Nathan found his way around a number of cars into 4th place, when in the final lap he had a break when Jason Jolley's engine let go and caught on fire which saw Jolley as a non-finisher after being deemed the cause of the stoppage.

The race was then declared which left Nathan in third place, while Shane was having a good battle back in the pack to finish 6th. 1st Robert Trapp, 2nd Greg Worling, 3rd Nathan Macdonald.

The last of the Exide Batteries Nambour Queensland series for production cars was held at Maryborough in mid-April.

The Macdonald brothers were in position 8 and 10 and were hoping to climb up a few points in the series as the night progressed.

Shane came 6th, 3rd and 5th in his heats, Nathan 4th, 2nd.

The feature race came out and the track was looking really good, Nathan having a great run in his heats, qualifying out of position 4 while Shane had gained enough points to start in 16th for the 30 lap feature.

The race got under way.

On the second lap there was a stoppage as Steve Price and Steven Zahl came together while they were in second and third respectively, officials deeming Zahl the cause sending him to the rear.

This set the stage for what was a great battle for the top three positions between Aiden Raymont, Steve Price and Nathan Macdonald, all three cars swapping positions on many occasions.

But by the end of the 30 lap event it was Raymont on top 1st, followed by Price 2nd, and Macdonald 3rd.

Back in the pack Shane Macdonald found a groove using the high line to finish in 4th spot, almost on the tail of brother Nathan.

This was a good result for the Macdonald racing team proving the cars still have what it takes to mix with the best, finishing 7th and 8th respectively in the Exide Series.

Shane will be defending his Queensland title at Gympie while Nathan will attempt to keep the trophy in the family.

Norm Robson, who turned 87 on April 24, has worked hard all his life and has been lucky to have kept in good health. He is replacing a pergola at the rear of his house. At 83 he stopped riding his horse, Grasshopper. He has passed his driving test for another year and drives to the local shops about three times a week. He enjoys going to the Mens Network every Friday at the Crow's Nest Bowls Club. He also enjoys his family and friends that drop in for visits. - **Your proud daughter Alison.**

### Writing course

Crow's Nest Arts Council is sponsoring a creative writing course for adults aged 18 and over from June 5 until August 14. This project has been made possible by a Regional Quick Response Grant, an Australian Government initiative through the Regional Arts Fund, supporting the arts in regional and remote/isolated Australia.

The course is over six Saturdays from 1 to 4 p.m. at fortnightly intervals, and the subsidised cost will be \$60. The venue will be Carbethon Folk Museum.

It is hoped that a writing group will be an outcome of the course, which will be a support and encouragement for new writers.

The course tutor will be Sue Pechey B.A. (Qld) who is an author, editor and critic, and is well qualified in teaching such courses.

For further information and bookings, contact Robin Darracott on 4698 1339.

### Twba gallery closed for upgrade

Toowoomba Regional Art Gallery will be closed to the public for a month from Tuesday, April 27 for an upgrade of its environmental control system. The Gallery re-opens on Tuesday, May 25.

The gallery shop will remain open for usual retail activity from Tuesday to Friday, May 4 to May 7 and May 11 to May 14. Culture, Heritage and Facilities portfolio leader Cr Ros Scotney said a Regional Local Community Infrastructure Program grant had allowed council to undertake the upgrade to the gallery's air conditioning plant to create a stable environment for artworks.

"The gallery needs consistent temperature and relative humidity to adequately care for the city's valuable artworks and for travelling exhibitions. This upgrade will ensure the gallery maintains the highest international facility standards," Cr Scotney said.

TRAG is the oldest regional art gallery in Queensland with large and significant collections.

"During the upgrade the gallery will have no environmental controls except for portable units in art storage areas and therefore will need to be closed to the public for this work."
